**Protracted conflicts in the GUAM area and their implications
for international peace, security and development**

The situation in the occupied territories of Azerbaijan

Letter dated 23 July 2020 from the Permanent Representative of Azerbaijan to the United Nations addressed to the Secretary-General

Upon instructions from my Government, I have the honour to transmit herewith the record of ceasefire violations by the Republic of Armenia in June 2020 (see annex).*

During the reporting period, the armed forces of Armenia committed 813 ceasefire violations, continuing to use large-calibre guns and heavy weaponry from their positions in the occupied territories of the Republic of Azerbaijan and from the territory of the Republic of Armenia.

Azerbaijan considers systematic violations of the ceasefire regime by the Armenian military forces to be a deliberate policy aimed at undermining and jeopardizing the negotiations process and perpetuating the occupation.

The protracted military occupation of the territory of Azerbaijan by the armed forces of Armenia is a direct violation of international law and relevant Security Council and General Assembly decisions and a major threat to regional peace, security, stability and socioeconomic development.

The continuing status quo, where a substantial part of the internationally recognized territory of Azerbaijan remains under Armenia's occupation, does not represent a solution and cannot produce a political outcome desired by Armenia. Only the immediate, complete and unconditional withdrawal of all Armenian military forces from the Nagorno-Karabakh region and other occupied territories of Azerbaijan can create conditions necessary for the resolution of the conflict.

I should be grateful if you would have the present letter and its annex circulated as a document of the General Assembly, under agenda items 32 and 37, and of the Security Council.
